

## Message from Todd Wright, CEO

Pathway Family Services, Inc. has a new Mission and Vision Statement.

As we researched mission and vision statements, we wanted to include statements that reflect our growth and our expanding interests. We looked for messages that were direct, concise and meaningful to both our staff and the public. We wanted a mission statement that conveys what we do every day in a powerful and inspiring way and we think we have done just that. After national research, staff input and Board approval, I am very happy to announce our new mission statement:

### **Devoted to the Strength of Family**

Every day we strive to do all we can to strengthen Families. We want to tap into their strength and do everything we can to promote healthy and productive lives for those we serve.

While a Mission statement is about what we do every day, our vision statement is about what we want to be in the future. Our new Vision statement:

### **To be Nationally Recognized for Excellence in Service, Education, and Advocacy to Strengthen Families**

No matter what we do and where we do it, we want to be known as simply the best. With all of our staff's hard work and dedication, I am positive we will succeed.
